[Docket No. RP98-120-000]

Viking Gas Transmission Company; Notice of Filing

January 30, 1998.

Take notice that on January 27, 1998, Viking Gas Transmission Company (Viking) tendered for filing a report of interruptible throughput and revenues for the period of November 1, 1996 through October 31, 1997. Viking also states that Viking did not have sufficient net interruptible revenues during that period to trigger an obligation under Article 5, Section 4 of Viking's Rate Schedule IT, to credit net interruptible revenues to Viking's firm shippers.

Viking states that copies of the filing have been mailed to all of its jurisdictional customers and to affected state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. All such motions or protests must be filed on or before February 6, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on

file with the Commission and are available for public inspection.

[Docket No. CP93-541-009]

Young Gas Storage Company, Ltd.; Notice of Petition to Amend

January 30, 1998.

Take notice that on January 26, 1998, Young Gas Storage Company, Ltd. (Young), Post Office Box 1087, Colorado Springs, Colorado 80944, filed in Docket No. CP93-541-009, a petition to further amend the authorizations issued on June 22, 1994 in Docket Nos. CP93-541-000 and 001, pursuant to Section 7(c) of the Natural Gas Act, as amended, all as more fully set forth set forth in the application which is on file with the Commission and open to public inspection.

Young states that upon further study and data gained in the development of the storage field, certain changes to well requirements and minor facility adjustments are needed to continue development and management of Young Storage Field. Specifically, Young seeks authorization to connect the Young #40 observation well to the Young gathering system and to change this well classification from an observation well to an injection/withdrawal well.

Any person desiring to be heard or to make any protest with reference to said application should on or before February 20, 1998, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission

by Section 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for the Young to appear or be represented at the hearing.
